# WHAT WE DO.

We are an engineering firm that offers a variety of engineering solutions including maintenance of equipment, distribution & sale of equipment.

We do BTS installations, Generator swaps, Site build.

## KEY STRENGTHS

- Competitive Pricing
- Proven planning and management skills
- Diverse activities and depth of experience
- Reliable and highly skilled workforce

## VISION

To be a leader in providing cutting edge engineering solutions.

## MISSION

To improve engineering through providing the best innovative solutions.

## CORE VALUES

### 1. THE GOLDEN RULE

Extraordinarily powerful in its simplicity and depth: “Treat others as you would want to be treated.” It demands both empathy and fairness, qualities which are fundamental to harmonious human relationships and form the bedrock of ethical behavior.

### 2. THE POWER OF PERSON

The contribution of every single person in a company is important, and the performance of the entire company can only be maximized when every person strives to achieve his/her full potential and to contribute to

### 3. THE POWER OF TEAM

We believe in timely execution of assignments through harnessing our ability to work together as a team with clear goals set to accomplish the bigger goals.

### 4. THE POWER OF TRUTH

We strive to see the world as it is, not as we want or imagine it to be, because only then can we make it better. This core value manifests itself through questioning, probing, testing, measuring, validating, verifying, proving, listening with an open mind, and making fact-based decisions. It also fosters transparency and honesty with others, as well as self-examination and self-honesty.

## 1. OUR COMPETITIVE ADVANTAGE.

- We deliver high quality products and services at competitive rates to offer our clients value for money.
- We have competent internationally trained equipment engineers who are able to respond to challenges round the clock.
- We have the latest technologies acquired from several certified global companies and ensure that products and equipment's are up to standard.

## 2. OUR QUALITY POLICY.

We are committed and endeavor to promote quality services to our esteemed customers.

## 3. SOLUTIONS OFFERED.

- Equipment training, fitting out works and commissioning of equipment
- Engineering Equipment placed for a long time.
- Installation of new & reconditioned equipment.
